

Throughout my time in Mee Toh School, I have gratitude towards people from all walks of life.

To my choir instructors and teachers, I would like to thank you for the patience, guidance, efforts and for showing me the best way to reach my potential. This has gradually helped me improve myself.

To my friends, thank you for supporting me and lending me a helping hand through tough times. Without all of you, my experience in MTS would not be that memorable.

Thank you!

Beh Ke Xuan
