

Connects

Dear fellow parents,

Welcome to the first edition of our newsletter! We aim to provide you with regular updates of PATH activities. Term 3 started off with an array of recess activities for the children. We thought it would be timely for the PATH EXCO team to share events which took place in the first half of Term 3. Some of you might have heard from your children about the recess activities they had taken part in during recess and might be interested to find out more.

Go Green SG (27June, 3July, 5July, 10July)

We are immensely proud to be part of the official launch of *Go Green SG* which was attended by several Ministers and stakeholders. You might have even caught some of us on the news. It was truly an eye-opener for us!

PATH assisted the staff from the DBS Sustainability team at the various stations which raised awareness in the students on water and food waste. We helped guide the P3 children in their group discussions while learning more about the initiatives at the same time. One of our parents even stepped up and took over a role play. She was such a convincing actress that she raised the bar for the rest of us.

Insider tip - PATH will be running the Go Green event for the P3 curriculum from next year onwards. Join us if you would like to be a part of this wonderful initiative to make an impact on environment sustainability for our future generation.

Racial Harmony Week (16-20 July)

PATH members facilitated the handicraft stations and photo booth. We engaged the children in completing the craft work. Some of us even had the opportunity to operate a professional camera. How often do we get to take time out from our busy schedules to learn new skills?

We enjoyed the interactions with the children thoroughly and were thankful to receive a little token of appreciation from the teacher-in-charge.

Family Play Day (22 July)

On 22 July 2023, the school organised the first Family Play Day for our Mee Tohians and their parents to strengthen parent-child bonding through fun-filled physical activities. You might have also seen some of our PATH members in action: photo-taking, overseeing the cup stacking challenge, ushering and more. In the midst of all the activities, our PATH chairperson even managed to produce a video montage that was shared with all the participants during the award presentation ceremony. We were really thrilled to be part of this inaugural event and looked forward to being a part of it going forward.

Active Play / Recycling Activities

We also have a regular team of parents who help out with ActivePlay and Recycling Wednesdays. Children really look forward to their favourite time of the day - ActivePlay in the field during recess. PATH members facilitate the equipment loans and ensure a safe and friendly environment for the children. On Recycling Wednesdays, PATH members guide the children to sort the recyclables. Join us to get to know the children better and contribute to the school's recycling efforts!

There are many more activities lined up for the rest of the semester. If you would like to sign up as a member of **Parents As Teachers' Helpers**, click this link, <https://tinyurl.com/2p829rw3>, or scan the QR code. We look forward to your registration. To existing PATH members, thank you for your unwavering support as we embark on this journey together.

Yours sincerely,
PATH EXCO 2023
