

A year has passed since I left Mee Toh School to a new secondary school. The time spent in MTS had indeed impacted me positively.

I want to thank all the teachers and staff of MTS, for guiding and developing every single individual student, including me, in our learning.

I also want to thank the canteen vendors for providing us with appetising food so that we could continue with the day ahead of us after recess.

I would like to thank my peers whom I have met along the way for guiding and helping me learn from my mistakes. They have also helped me to develop into a more confident person.

Thank you!

Lim Yen Ray Klemens
