

I would like to thank my friends and teachers for motivating me whenever I am in school and allowing me to discover the joy in learning. My teachers conduct interesting and enjoyable lessons that have helped me to expand my knowledge and acquire new skills. My friends console me when I am feeling down. I would also laugh along with their jokes.

I would also love to thank my parents, whose love for me is endless. They are the ones who first taught me values in life and have helped me to build the foundation of my character.

Last but not least, I wish my parents, teachers and friends good life!
